## 2021 Benefit Guide

Live *Assured.*

LiveAssured.

Even the most secure people have moments when they need assurance. It's part of being human. As we navigate the uncertainty of current times and not knowing what to expect, our health cover is there to give us reassurance that we will be taken care of in times of sickness and feeling unwell.

Live Assured is the certainty people are looking for, knowing that they can enjoy life without the fear of what will happen in the event of illness - because Medshield puts their well-being first. Live Assured is the exhale people are longing for, that comes from trusting the promise Medshield has made and will uphold - to provide high level of care, attention and medical treatment should they need it. Medshield members Live Assured.

# MediSaver Benefit Option

Perfect for independent individuals who wants to manage their own healthcare expenses, and are thinking about expanding your family. **MediSaver** offers unlimited In-Hospital cover through the Compact Hospital Network whilst members manage their own Out-of-Hospital medical requirements through a Personal Savings Account. As an added benefit, the MediSaver option offers an Out-of-Hospital maternity package.

This is an overview of the benefits offered on the **MediSaver** option:

**Major Medical**  
Benefits (In-Hospital)

**Ambulance**  
Services

**Oncology**  
Benefits

**Chronic Medicine**  
Benefits

**Maternity**  
Benefits

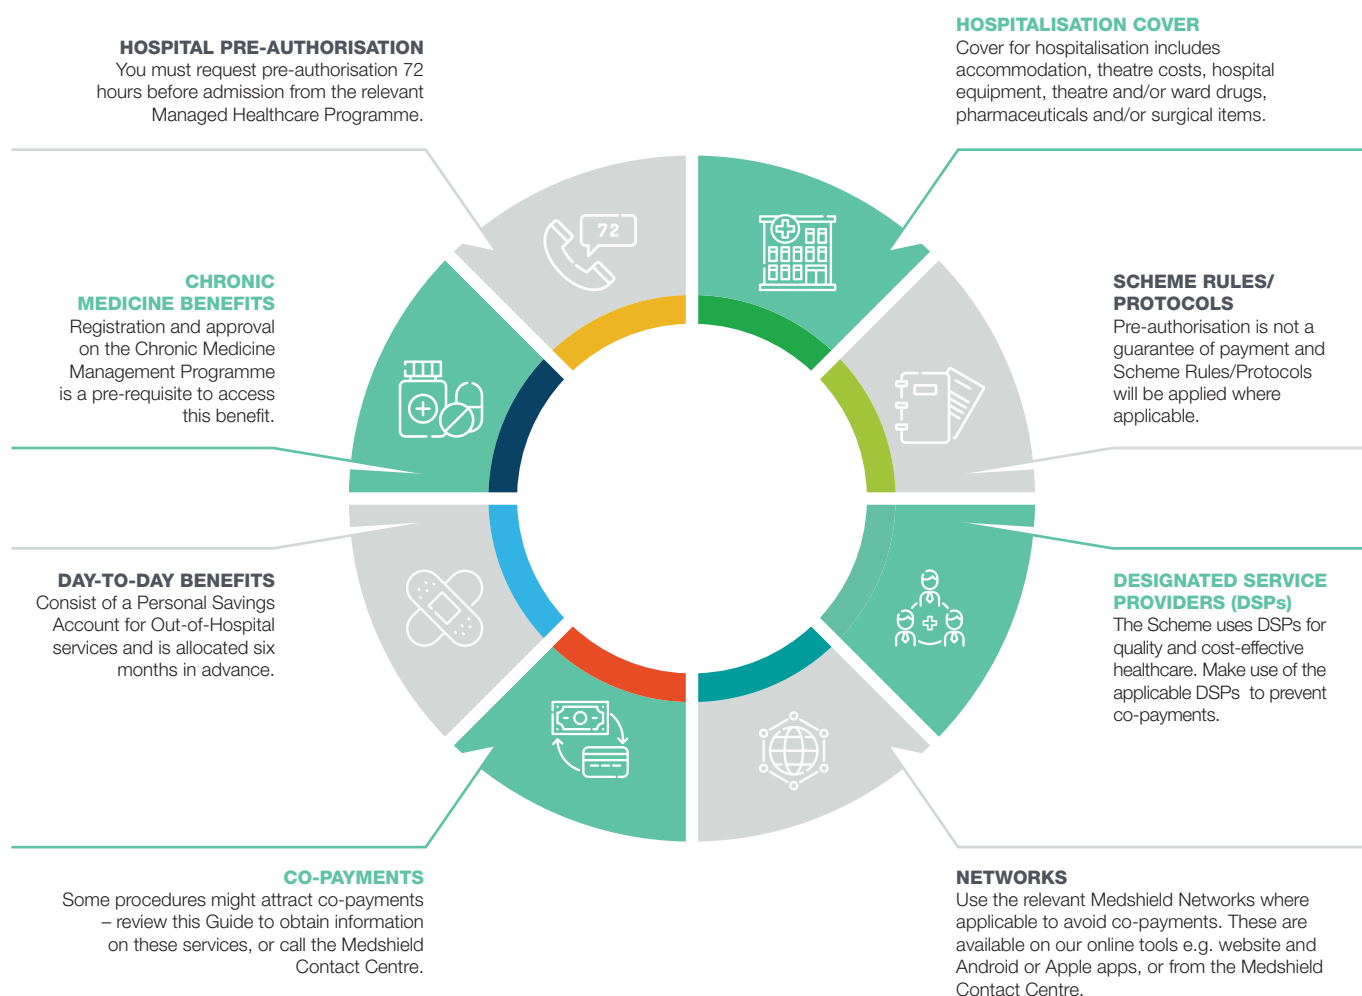

**Wellness**  
Benefits

## Information members should take note of:

Carefully read through this Guide and use it as a reference for more information on what is covered on the **MediSaver** option, the benefit limits, and the rate at which the services will be covered:

## Your claims will be covered as follows:

**MEDICINES PAID AT 100% OF THE LOWER OF THE COST** of the SEP of a product plus a negotiated dispensing fee, subject to the use of the Medshield Pharmacy Network and Managed Healthcare protocols.

**TREATMENT AND CONSULTATIONS WILL BE PAID AT 100%** of the negotiated fee, or in the absence of such fee, 100% of the lower of the cost or Scheme Tariff.

**MEDSHIELD PRIVATE TARIFF (UP TO 200%)** will apply to the following services:

- Confinement by a registered Midwife

### ONLINE SERVICES

It has now become even easier to manage your healthcare! Access to real-time, online software applications allow members to access their medical aid information anywhere and at any time.

1. The Medshield Login Zone on [www.medshield.co.za](http://www.medshield.co.za)
2. The Medshield Apps: Medshield's Apple IOS app and Android app are available for download from the relevant app store
3. The Medshield Short Code SMS check: SMS the word BENEFIT to 43131

Use these channels to view:

- Membership details through digital membership card
- Medical Aid Statements
- Track your claims through claims checker
- Hospital pre-authorisation
- Personalised communication
- Tax certificate
- Search for healthcare professionals

**Child Immunisations: Immunisation programme as per the Department of Health Protocol and specific age groups:**

**At Birth:** Tuberculosis (BCG) and Polio OPV(0).

**At 6 Weeks:** Rotavirus RV(1), Polio OPV(1), Pneumococcal PVC (1), DTaP-IPV-Hib-HBV (1) includes: Diphtheria, Tetanus, Acellular Pertussis (Whooping Cough), Inactivated Polio vaccine and Haemophilus influenza Type B and Hepatitis B combined.

**At 10 Weeks:** DTaP-IPV-Hib-HBV (2) includes: Diphtheria, Tetanus, Acellular Pertussis (Whooping Cough), Inactivated Polio vaccine and Haemophilus influenza Type B and Hepatitis B combined.

**At 14 Weeks:** Rotavirus RV(2), Pneumococcal PVC (2), DTaP-IPV-Hib-HBV (3) includes: Diphtheria, Tetanus, Acellular Pertussis (Whooping Cough), Inactivated Polio vaccine and Haemophilus influenza Type B and Hepatitis B combined.

**At 6 Months:** Measles MV(1).

**At 9 Months:** Pneumococcal PVC (3), Chickenpox CP, Measles.

**At 12 Months:** Measles MV(2).

**At 18 Months:** Measles, Mumps and Rubella (MMR), DTaP-IPV-Hib-HBV (4) includes: Diphtheria, Tetanus, Acellular Pertussis (Whooping Cough), Inactivated Polio vaccine and Haemophilus influenza Type B and Hepatitis B combined.

**At 6 Years:** Tetanus and Diphtheria (Td), Polio.

**At 12 Years:** Tetanus and Diphtheria (Td).

# SmartCare

A FIRST in South Africa, Medshield Medical Scheme's **SmartCare** benefits offer members access to nurse-led primary healthcare medical consultations and relevant Videomed doctor consultations, if required, as a medical scheme benefit.

## SMARTCARE SERVICES:

- **Acute consultations:**

Chest and upper respiratory tract infections, urinary tract infections, eye and ear infections etc.

- **Chronic consultations:**

Medicine and repeat prescriptions for high blood pressure, diabetes, high cholesterol etc. Members are then encouraged to use the Medshield Chronic Medicine Courier Service DSP to deliver their chronic medicine straight to their home or workplace.

**1.**

Member visits **SmartCare** supported Pharmacy.

**2.**

Nurse confirms Medshield benefits.

**3.**

Full medical history and clinical examination by registered nurse.

**4.**

Recommends Over-the-Counter medicine.

*or*

**4.**

Nurse advises that the member requires a doctor consultation. Nurse dials doctor on Videomed and assist doctor with medical history, additional tests and examination. Doctor generates script and sends script to printer at Nurse's station, while Nurse counsels the member.

**5.**

Member collects Over-the-Counter medication.

### Terms & Conditions

- No children under the age of 2 may be seen for anything other than a prescription for a routine immunisation
- No consultations related to mental health
- No treatment of emergency conditions involving heavy bleeding and/or trauma
- No treatment of conditions involving sexual assault
- **SmartCare** services cannot provide Schedule 5 and up medication
- Over-the-Counter (OTC) and prescription medication is subject to the Pharmacy Advised Therapy Script as per the Scheme Rules and chosen benefit option
- Clinics trading hours differs and are subject to store trading hours

**5.**

Member collects medication from dispensary.

# SmartCare WhatsApp Doc

## Medshield SmartCare COVID-19 WhatsApp Advice Line

To consistently provide access to care, **Medshield** has launched a WhatsApp channel where members can communicate with a doctor from the comfort of their home. By using this channel a doctor will be able to assess a patient for COVID-19.

**Not sure if you need to be tested for COVID-19?  
Use the Medshield SmartCare COVID-19**

**WhatsApp Advice Line for peace of mind!**

**T's & C's** - You will receive advice from a Healthforce doctor over WhatsApp. All such doctors are registered with the Health Professions Council of South Africa and have been vetted by Healthforce. You cannot hold Healthforce, Medshield or anyone involved in this conversation responsible for injury or harm. This line is intended for advice and not to replace medical treatment. This chat will be saved on a 3rd party app, for the purposes of data collection and future review. We'll never share that information with a 3rd party unless it is required for your treatment, to fund your treatment, or by law. You will be sharing your information on WhatsApp. Although encrypted, there is a small risk that an outsider can access information that is transmitted over the internet.

MEDSHIELD

## AMBULANCE Services

You and your registered dependants will have access to a 24 hour Helpline. Call the Ambulance and Emergency Services provider on 086 100 6337.

BENEFIT CATEGORY	BENEFIT LIMIT AND COMMENTS
<b>EMERGENCY MEDICAL SERVICES</b> Subject to pre-authorisation by the Ambulance and Emergency Services provider. Scheme approval required for Air Evacuation. <b>Clinical Protocols apply.</b>	<b>Unlimited.</b>

<b>24 Hour access</b> to the Emergency Operation Centre	Telephonic <b>medical</b> advice	<b>Emergency            medical response</b> by road or air to scene of an emergency incident
Transfer from scene to the closest, most appropriate <b>facility            for stabilisation            and definitive care</b>		<b>Medically justified            transfers</b> to special care centres or inter-facility transfers

## MONTHLY Contributions

MEDISAVER OPTION	PREMIUM	SAVINGS (INCLUDED IN PREMIUM)
Principal Member	R3 666	R550
Adult Dependant	R3 036	R455
Child*	R894	R134

\*Contribution rate is applicable to the member's first, second and third biological or legally adopted children only, excluding students.

## **PRESCRIBED** Minimum Benefits (PMB)

All members of Medshield Medical Scheme are entitled to a range of guaranteed benefits; these are known as Prescribed Minimum Benefits (PMB). The cost of treatment for a PMB condition is covered by the Scheme, provided that the services are rendered by the Scheme's Designated Service Provider (DSP) and according to the Scheme's protocols and guidelines.

### **What** are PMBs?

PMBs are minimum benefits given to a member for a specific condition to improve their health and well-being, and to make healthcare more affordable.

**These costs are related to the diagnosis, treatment and care of the following three clusters:**

#### **CLUSTER 1**

##### **Emergency medical condition**

- An emergency medical condition means the sudden and/or unexpected onset of a health condition that requires immediate medical or surgical treatment
- If no treatment is available the emergency may result in weakened bodily function, serious and lasting damage to organs, limbs or other body parts or even death

#### **CLUSTER 2**

##### **Diagnostic Treatment Pairs (DTP)**

- Defined in the DTP list on the Council for Medical Schemes' website. The Regulations to the Medical Schemes Act provide a long list of conditions identified as PMB conditions
- The list is in the form of Diagnosis and Treatment Pairs. A DTP links a specific diagnosis to a treatment and therefore broadly indicates how each of the 270 PMB conditions should be treated and covered

#### **CLUSTER 3**

##### **26 Chronic Conditions**

- The Chronic Disease List (CDL) specifies medication and treatment for these conditions
- To ensure appropriate standards of healthcare an algorithm published in the Government Gazette can be regarded as benchmarks, or minimum standards for treatment

### **WHY** PMBs?

PMBs were created to:

- Guarantee medical scheme members and beneficiaries with continuous care for these specified diseases. This means that even if a member's benefits have run out, the medical scheme has to pay for the treatment of PMB conditions
- Ensure that healthcare is paid for by the correct parties. Medshield members with PMB conditions are entitled to specified treatments which will be covered by the Scheme

This includes treatment and medicines of any PMB condition, subject to the use of the Scheme's Designated Service Provider, treatment protocols and formularies.

### **WHY** Designated Service Providers are important?

A Designated Service Provider (DSP) is a healthcare provider (doctor, pharmacist, hospital, etc) that is Medshield's first choice when its members need diagnosis, treatment or care for a PMB condition. If you choose not to use the DSP selected by the Scheme, you may have to pay a portion of the provider's account as a co-payment. This could either be a percentage based co-payment or the difference between the DSPs tariff and that charged by the provider you went to.

## QUALIFYING to enable your claims to be paid

- One of the types of codes that appear on healthcare provider accounts is known as International Classification of Diseases ICD-10 codes. These codes are used to inform the Scheme about what conditions their members were treated for, so that claims can be settled correctly
- Understanding your PMB benefit is key to having your claims paid correctly. More details than merely an ICD-10 code are required to claim for a PMB condition and ICD-10 codes are just one example of the deciding factors whether a condition is a PMB
- In some instances you will be required to submit additional information to the Scheme. When you join a medical scheme or in your current option, you choose a particular set of benefits and pay for this set of benefits. Your benefit option contains a basket of services that often has limits on the health services that will be paid for
- Because ICD-10 codes provide information on the condition you have been diagnosed with, these codes, along with other relevant information required by the Scheme, help the Scheme to determine what benefits you are entitled to and how these benefits should be paid
- The Scheme does not automatically pay PMB claims at cost as, in its experience there is a possibility of over-servicing members with PMB conditions. It therefore remains your responsibility, as the member, to contact the Scheme and confirm PMB treatments provided to you

If your PMB claim is rejected you can contact Medshield on 086 000 2120 (+27 10 597 4701) to query the rejection.

## YOUR RESPONSIBILITY as a member

### EDUCATE yourself about:

- The Scheme Rules
- The listed medication
- The treatments and formularies for your condition
- The Medshield Designated Service Providers (DSP)

### RESEARCH your condition

- Do research on your condition
- What treatments and medications are available?
- Are there differences between the branded drug and the generic version for the treatment of your condition?

### DON'T bypass the system

- If you must use a FP to refer you to a specialist, then do so.
- Make use of the Scheme's DSPs as far as possible.
- Stick with the Scheme's listed drugs for your medication

### TALK to us!

- Ask questions and discuss your queries with Medshield.
- Make sure your doctor submits a complete account to Medshield

### CHECK that your account was paid

- Follow up and check that your account is submitted within four months and paid within 30 days after the claim was received (accounts older than four months are not paid by medical schemes)

## IMPORTANT to note

When diagnosing whether a condition is a PMB, the doctor should look at the signs and symptoms at point of consultation. This approach is called a diagnosis-based approach.

- Once the diagnosis has been made, the appropriate treatment and care is decided upon as well as where the patient should receive the treatment i.e. at a hospital, as an outpatient, or at a doctor's rooms
- Only the final diagnosis will determine if the condition is a PMB or not
- Any unlimited benefit is strictly paid in accordance with PMB guidelines and where treatment is in line with prevailing public practice

## HEALTHCARE PROVIDERS' responsibilities

Doctors do not usually have a direct contractual relationship with medical schemes. They merely submit their accounts and if the Scheme does not pay, for whatever reason, the doctor turns to the member for the amount due. This does not mean that PMBs are not important to healthcare providers or that they don't have a role to play in its successful functioning. Doctors should familiarise themselves with ICD-10 codes and how they correspond with PMB codes and inform their patients to discuss their benefits with their scheme, to enjoy guaranteed cover.

### How to avoid rejected PMB claims?

- Ensure that your doctor (or any other healthcare service provider) has quoted the correct ICD-10 code on your account. ICD-10 codes provide accurate information on your diagnosis
- ICD-10 codes must also be provided on medicine prescriptions and referral notes to other healthcare providers (e.g. pathologists and radiologists)
- The ICD-10 code must be an exact match to the initial diagnosis when your treating provider first diagnosed your chronic condition or it will not link correctly to pay from the PMB benefit
- When you are registered for a chronic condition and you go to your treating doctor for your annual check-up, the account must reflect the correct ICD-10 code on the system. Once a guideline is triggered a letter will be sent to you with all the tariff codes indicating what will be covered from PMB benefits
- Only claims with the PMB matching ICD-10 code and tariff codes will be paid from your PMB benefits. If it does not match, it will link to your other benefits, if available
- Your treatment must be in line with the Medshield protocols and guidelines

## PMB CARE templates

The law requires the Scheme to establish sound clinical guidelines to treat ailments and conditions that fall under PMB regulation. **These are known as ambulatory PMB Care templates.**

The treatment protocol is formulated into a treatment plan that illustrates the available number of visits, pathology and radiology services as well as other services that you are entitled to, under the PMB framework.

### TREATMENT Plans

Treatment Plans are formulated according to the severity of your condition. In order to add certain benefits onto your condition, your Doctor can submit a clinical motivation to our medical management team.

When you register on a Managed Care Programme for a PMB condition, the Scheme will provide you with a Treatment Plan.

## When you register for a PMB condition, ask for more information on the Treatment Plan set up for you.

The treatment protocol for each condition may include the following:

- The type of consultations, procedures and investigations which should be covered
- These will be linked to the condition's ICD-10 code(s)
- The number of procedures and consultations that will be allowed for a PMB condition can be limited per condition for a patient

The frequency with which these procedures and consultations are claimed can also be managed.

## COMPLAINTS Escalation Process

In the spirit of promoting the highest level of professional and ethical conduct, Medshield Medical Scheme is committed to a complaint management approach that treats our members fairly and effectively in line with our escalation process.

In the event of a routine complaint, you may call Medshield at 086 000 2120 and request to speak to the respective Manager.

Complaints can be directed via email to [complaints@medshield.co.za](mailto:complaints@medshield.co.za), which directs the complaint to the respective Manager. The complaint will be dealt with in line with our complaints escalation procedure in order to ensure fair and timeous resolution.

## MEDSHIELD Banking Details

**Bank:** Nedbank | **Branch:** Rivonia | **Branch code:** 196905 | **Account number:** 1969125969

## FRAUD

Fraud presents a significant risk to the Scheme and members. The dishonesty of a few individuals may negatively impact the Scheme and distort the principles and trust that exist between the Scheme and its stakeholders. Fraud, for practical purposes, is defined as a dishonest, unethical, irregular, or illegal act or practice which is characterised by a deliberate intent at concealment of a matter of fact, whether by words, conduct, or false representation, which may result in a financial or non-financial loss to the Scheme. Fraud prevention and control is the responsibility of all Medshield members and service providers so if you suspect someone of committing fraud, report it to us immediately.

**Hotline:** 0800 112 811  
**email:** [fraud@medshield.co.za](mailto:fraud@medshield.co.za)

## Addendum A

### INFERTILITY INTERVENTIONS AND INVESTIGATIONS

Limited to interventions and investigations as prescribed by the Regulations to the Medical Schemes Act 131 of 1998 in Addendum A paragraph 9, code 902M. This benefit will include the following procedures and interventions:

Hysterosalpinogram	Rubella
Laparoscopy	HIV
Hysteroscopy	VDRL
Surgery (uterus and tubal)	Chlamydia
Manipulation of the ovulation defects and deficiencies	Day 21 Progesteron
Semen analysis (volume, count, mobility, morphology, MAR-test)	Basic counselling and advice on sexual behaviour
Day 3 FSH/LH	Temperature charts
Oestradoil	Treatment of local infections
Thyroid function (TSH)	Prolactin

## Addendum B

### PROCEDURES AND TESTS IN PRACTITIONERS' ROOMS

Breast fine needle biopsy	Prostate needle biopsy
Vasectomy	Circumcision
Excision Pterygium with or without graft	Excision wedge ingrown toenail skin of nail fold
Excision ganglion wrist	Drainage skin abscess/curbuncle/whitlow/cyst
Excision of non-malignant lesions less than 2cm	

### ROUTINE DIAGNOSTIC ENDOSCOPIC PROCEDURES (CO-PAYMENTS WILL APPLY IN-HOSPITAL)

Hysteroscopy	Oesophageal motility studies
Upper and lower gastro-intestinal fibre-optic endoscopy	Fibre optic Colonoscopy
24 hour oesophageal PH studies	Sigmoidoscopy
Cystoscopy	Urethroscopy
Colposcopy (excluding after-care)	Oesophageal Fluoroscopy

**Note:** The above is not an exhaustive list.

# EXCLUSIONS

## Alternative Healthcare Practitioners

Herbalists;  
Therapeutic Massage Therapy (Masseurs);  
Aromatherapy;  
Ayurvedics;  
Iridology;  
Reflexology.

## Appliances, External Accessories and Orthotics

Appliances, devices and procedures not scientifically proven or appropriate;  
Back rests and chair seats;  
Bandages and dressings (except medicated dressings and dressings used for a procedure or treatment);  
Beds, mattresses, pillows and overlays;  
Cardiac assist devices – e.g. Berlin Heart (unless PMB level of care, DSP applies);  
Diagnostic kits, agents and appliances unless otherwise stated (except for diabetic accessories)(unless PMB level of care);  
Electric tooth brushes;  
Humidifiers;  
Ionizers and air purifiers;  
Orthopaedic shoes and boots, unless specifically authorised and unless PMB level of care;  
Pain relieving machines, e.g. TENS and APS;  
Stethoscopes;  
Oxygen hire or purchase, unless authorised and unless PMB level of care;  
Exercise machines;  
Insulin pumps unless specifically authorised;  
CPAP machines, unless specifically authorised;  
Wearable monitoring devices.

## Blood, Blood Equivalents and Blood Products

Hemopure (bovine blood), unless acute shortage of human blood and blood products for acutely anemic patients.

## Dentistry

*Exclusions as determined by the Schemes Dental Management Programme:*

### Oral Hygiene/Prevention

Oral hygiene instruction;  
Oral hygiene evaluation;  
Professionally applied fluoride is limited to beneficiaries from age 5 and younger than 13 years of age;  
Tooth Whitening;  
Nutritional and tobacco counselling;  
Cost of prescribed toothpastes, mouthwashes (e.g. Corsodyl) and ointments;  
Fissure sealants on patients 16 years and older.

### Fillings/Restorations

Fillings to restore teeth damaged due to toothbrush abrasion, attrition, erosion and fluorosis;

Resin bonding for restorations charged as a separate procedure to the restoration;  
Polishing of restorations;  
Gold foil restorations;  
Ozone therapy.

### Root Canal Therapy and Extractions

Root canal therapy on primary (milk) teeth;  
Direct and indirect pulp capping procedures.

### Plastic Dentures/Snoring Appliances/Mouth guards

Diagnostic dentures and the associated laboratory costs;  
Snoring appliances and the associated laboratory costs;  
The laboratory cost associated with mouth guards (The clinical fee will be covered at the Medshield Dental Tariff where managed care protocols apply);  
High impact acrylic;  
Cost of gold, precious metal, semi-precious metal and platinum foil;  
Laboratory delivery fees.

### Partial Metal Frame Dentures

Metal base to full dentures, including the laboratory cost;  
High impact acrylic;  
Cost of gold, precious metal, semi-precious metal and platinum foil;  
Laboratory delivery fees.

### Crown and Bridge

Crown on 3rd molars;  
Crown and bridge procedures for cosmetic reasons and the associated laboratory costs;  
Crown and bridge procedures where there is no extensive tooth structure loss and associated laboratory costs;  
Occlusal rehabilitations and the associated laboratory costs;  
Provisional crowns and the associated laboratory costs;  
Emergency crowns that are not placed for immediate protection in tooth injury, and the associated laboratory costs;  
Cost of gold, precious metal, semi-precious metal and platinum foil;  
Laboratory delivery fees;  
Laboratory fabricated temporary crowns.

### Implants

Dolder bars and associated abutments on implants' including the laboratory cost;  
Laboratory delivery fees.

### Orthodontics

Orthodontic treatment for cosmetic reasons and associated laboratory costs;  
Orthodontic treatment for a member or dependant younger than 9 and older than 18 years of age;  
Orthodontic re-treatment and the associated laboratory costs;  
Cost of invisible retainer material;  
Laboratory delivery fees.

## Periodontics

Surgical periodontics, which includes gingivectomies, periodontal flap surgery, tissue grafting and hemisection of a tooth for cosmetic reasons;

Perio chip placement.

## Maxillo-Facial Surgery and Oral Pathology

The auto-transplantation of teeth;

Sinus lift procedures;

The closure of an oral-antral opening (item code 8909) when claimed during the same visit with impacted teeth (item codes 8941, 8643 and 8945);

Orthognathic (jaw correction) surgery and any related hospital cost, and the associated laboratory costs.

## Hospitalisation (general anaesthetic)

Where the reason for admission to hospital is dental fear or anxiety;

Multiple hospital admissions;

Where the only reason for admission to hospital is to acquire a sterile facility;

The cost of dental materials for procedures performed under general anaesthesia.

The Hospital and Anaesthetist Claims for the following procedures will not be covered when performed under general anaesthesia:

- Apicectomies;
- Dentectomies;
- Frenectomies;

Conservative dental treatment (fillings, extractions and root canal therapy) in hospital for children above the age of 6 years and adults;

Professional oral hygiene procedures;

Implantology and associated surgical procedures;

Surgical tooth exposure for orthodontic reasons.

## Additional Scheme Exclusions

Special reports;

Dental testimony, including dentolegal fees;

Behaviour management;

Intramuscular and subcutaneous injections;

Procedures that are defined as unusual circumstances and procedures that are defined as unlisted procedures;

Appointments not kept;

Treatment plan completed (code 8120);

Electrognathographic recordings, pantographic recordings and other such electronic analyses;

Caries susceptibility and microbiological tests;

Pulp tests;

Cost of mineral trioxide;

Enamel microabrasion.

Dental procedures or devices which are not regarded by the relevant Managed Healthcare Programme as clinically essential or clinically desirable;

General anaesthetics, moderate/deep sedation and hospitalisation for dental work, except in the case of patients under the age of 6 years or with bony impaction of the third molars;

All general anaesthetics and moderate/deep sedation in the practitioner's rooms, unless pre-authorised.

## Hospitalisation

If application for a pre-authorisation reference number (PAR) for a clinical procedure, treatment or specialised radiology is not made or is refused, no benefits are payable

Accommodation and services provided in a geriatric hospital, old age home, frail care facility or similar institution (unless specifically provided for in Annexure B) (unless PMB level of care, then specific DSP applies);

Nursing services or frail care provided other than in a hospital shall only be available if pre-authorised by a Managed Health Care Provider;

Frail care services shall only be considered for pre-authorisation if certified by a medical practitioner that such care is medically essential and such services are provided through a registered frail care centre or nurse;

Hospice services shall only be paid for if provided by an accredited member of the Hospice Association of Southern Africa and if pre-authorised by a Managed Health Care Provider.

## Infertility

Medical and surgical treatment, which is not included in the Prescribed Minimum Benefits in the Regulations to the Medical Schemes Act 131 of 1998, Annexure A, Paragraph 9, Code 902M; Vasovasostomy (reversal of vasectomy); Salpingostomy (reversal of tubal ligation).

## Maternity

3D and 4D scans (unless PMB level of care, then DSP applies); Caesarean Section unless clinically appropriate.

## Medicine and Injection Material

Anabolic steroids and immunostimulants (unless PMB level of care, DSP applies);

Cosmetic preparations, emollients, moisturizers, medicated or otherwise, soaps, scrubs and other cleansers, sunscreen and suntanning preparations, medicated shampoos and conditioners, except for the treatment of lice, scabies and other microbial infections and coal tar products for the treatment of psoriasis; Erectile dysfunction and loss of libido medical treatment (unless caused by PMB associated conditions subject to Regulation 8); Food and nutritional supplements including baby food and special milk preparations unless PMB level of care and prescribed for malabsorptive disorders and if registered on the relevant Managed Healthcare Programme; or for mother to child transmission (MTCT) prophylaxis and if registered on the relevant Managed Healthcare Programme;

Injection and infusion material, unless PMB and except for out patient parenteral treatment (OPAT) and diabetes;

The following medicines, unless they form part of the public sector protocols and specifically provided for in Annexure B and are authorised by the relevant Managed Healthcare Programme:

Maintenance Rituximab or other monoclonal antibodies in the first line setting for haematological malignancies unless used for Diffuse large B-cell lymphoma in which event DSP applies (unless PMB level of care, DSP applies);

Liposomal amphotericin B for fungal infections (unless PMB level of care, DSP applies);

Protein C inhibitors for septic shock and septicaemia (unless PMB level of care, DSP applies);

Any specialised drugs that have not convincingly demonstrated a survival advantage of more than 3 months in metastatic malignancies in all organs for example sorafenib for hepatocellular carcinoma, bevacizumab for colorectal and metastatic breast cancer (unless PMB level of care, DSP applies). Avastin for the treatment of Macular Degeneration is not excluded, however DSP applies;

Trastuzumab for the treatment of HER2-positive early breast cancer that exceeds the dose and duration of the 9 week regimen as used in ICON protocol (unless PMB level of care, DSP applies); Trastuzumab for the treatment of metastatic breast cancer (unless PMB level of care or included in the ICON protocol applicable to the member's option, DSP applies).

Medicines not included in a prescription from a medical practitioner or other Healthcare Professional who is legally entitled to prescribe such medicines (except for schedule 0, 1 and 2 medicines supplied by a registered pharmacist);

Medicines for intestinal flora;

Medicines defined as exclusions by the relevant Managed Healthcare Programme;

Medicines and chemotherapeutic agents not approved by the SAHPRA (South African Health Products Regulatory Authority) unless Section 21 approval is obtained and pre-authorised by the relevant Managed Healthcare Programme;

Medicines not authorised by the relevant Managed Healthcare Programme;

Patent medicines, household remedies and proprietary preparations and preparations not otherwise classified;

Slimming preparations for obesity;

Smoking cessation and anti-smoking preparations unless pre-authorised by the relevant Managed Healthcare Programme;

Tonics, evening primrose oil, fish liver oils, multi-vitamin preparations and/or trace elements and/or mineral combinations except for registered products that include haemotronics and products for use for:

- Infants and pregnant mothers;
- Malabsorption disorders;
- HIV positive patients registered on the relevant Managed Healthcare Programme.

Biological Drugs, except for PMB level of care and when provided specifically in Annexure B. (DSP applies);

All benefits for clinical trials unless pre-authorised by the relevant Managed Healthcare Programme;

Diagnostic agents, unless authorised and PMB level of care;

Growth hormones, unless pre-authorised (unless PMB level of care, DSP applies);

Immunoglobulins and immune stimulents, oral and parenteral, unless pre-authorised (unless PMB level of care, DSP applies);

Erythropoietin, unless PMB level of care;

Medicines used specifically to treat alcohol and drug addiction.

Pre-authorisation required (unless PMB level of care, DSP applies);

Imatinib mesylate (Gleevec) (unless PMB level of care, DSP applies);

Nappies and waterproof underwear;

Oral contraception for skin conditions, parenteral and foams.

## **Mental Health**

Sleep therapy, unless provided for in the relevant benefit option.

## **Non-Surgical Procedures and Tests**

Epilation – treatment for hair removal (excluding Ophthalmology); Hyperbaric oxygen therapy except for anaerobic life threatening infections, Diagnosis Treatment Pairs (DTP) 277S and specific conditions pre-authorised by the relevant Managed Healthcare Programme and at a specific DSP.

## **Optometry**
