General disclaimers

This brochure is a marketing aid.

On joining the Scheme, all Momentum Medical Scheme members receive a detailed member brochure. Momentum Medical Scheme may specify certain principles, protocols, processes and limits relating to the use of your benefits. Scheme Rules will always take precedence and are available on request.

In terms of the Medical Schemes Act, medical schemes may apply waiting periods and/or late joiner penalties to new members joining the Scheme. If we do apply a waiting period and/or a late joiner penalty to your membership, we will let you know before we activate your cover.

# Make the right choice

Momentum Medical Scheme strives to offer you good value for money through its flexible benefit options to match your family's healthcare needs. Use the following guide to find the option that best matches your healthcare needs.

Healthcare expenses involve more than just the cost of your stay in hospital, it could be the cost of chronic medication (like medicine to lower high blood pressure), day-to-day expenses (like visiting your GP), or emergency care. The option that you choose will determine how much your contribution will be, and what benefits you will have for the different healthcare expenses. You need to choose the option that best fits both your wallet and your healthcare needs.

Overview

The Ingwe Option provides affordable access to entry level cover.

There is no overall annual limit for **hospitalisation**. For your hospitalisation cover, you can choose to use either Any hospital, the Ingwe Network of private hospitals (see page 38 for this list), or State hospitals for an even lower monthly contribution.

For **chronic treatment** and **day-to-day benefits**, such as GP visits or prescribed medicine, you need to consult Ingwe Primary Care Network providers or Ingwe Active Network providers, depending on your provider choice. If you choose Any hospital, please note that you may only use GPs on the Ingwe Active Network for your chronic and day-to-day benefits. Chronic medication needs to be obtained from Medipost. You have unlimited GP visits and you also get 3 virtual doctor consultations per beneficiary per year from the GP Virtual Consultation Network, which includes Hello Doctor.

The **Health Platform** Benefit provides cover for a range of preventative care benefits available from your chosen network provider. Some Health Platform Benefits, such as the maternity programme benefits, are available from providers other than your chosen network provider.

If you need more day-to-day cover, you can choose to make use of the **HealthSaver+**. HealthSaver+ is a complementary product offered by Momentum that lets you save for medical expenses.

Overview

The Extender Option provides cover for hospitalisation at private hospitals. There is no overall annual limit for **hospitalisation**. You can choose to have access to any hospital, or you can choose to save on your contribution by selecting to use a specific list of private hospitals (referred to as Associated hospitals, see page 38 for this list).

For **chronic treatment**, you can choose to have access to any GP for your chronic scripts and any pharmacy for your chronic medication. Or you can choose to save more on your monthly contribution by selecting to use a list of Associated GPs for your chronic script and Medipost courier pharmacy for your chronic medication. Alternatively, you can choose to use State facilities for your chronic script and medication to obtain the maximum contribution saving.

25% of your contribution is available in a Personal Medical **Savings** Account to cover **day-to-day** expenses. If this component is not enough to cover your annual day-to-day expenses, you will also have access to the **Extended Cover** benefit which provides further cover for day-to-day benefits once your day-to-day claims have reached the Threshold (a pre-determined amount that is based on your family size).

You can choose to make use of the **HealthSaver+** for additional day-to-day expenses and to pay for out-of-pocket expenses before your Extended Cover is activated. HealthSaver+ is a complementary product offered by Momentum that lets you save for medical expenses.

The **Health Platform** Benefit provides cover for a range of benefits, such as preventative screening tests, certain check-ups and more.

Contributions payable from 1 January 2023 to 31 March 2023 (unchanged from 2022)

## Chronic Benefit

### Members on the Ingwe Option

Benefits are only available from your chosen Ingwe Primary Care Network provider and are subject to a Network entry level formulary for medicine. Chronic medication is delivered via Medipost courier pharmacy.

### Members on the Evolve Option

You need to choose one of the designated State facilities to get your chronic prescription and medication, subject to the State formulary and medical management (including doctor, pharmacy, blood tests, x-rays etc).

If you voluntarily choose to get your chronic medication from a non-State pharmacy, or chronic medication that is not on the State entry-level formulary, a co-payment will apply.

### Members on the Custom, Incentive and Extender Options

The chronic provider you have chosen determines how you get your chronic prescription and medication, as follows:

- Any:** You may get your chronic prescription and medication from any provider, subject to your option specific formulary. If you choose to get your medication from the preferred list of medicines, and within the generic reference price if applicable, you will not have a co-payment. If you choose to get your medication from outside the formulary (i.e. non-preferred items), a co-payment is payable. A dispensing fee co-payment may also be payable when using pharmacies not contracted to Momentum Medical Scheme. Contracted pharmacies include certain retail pharmacies and Medipost (view the full list on momentummedicalscheme.co.za).
- Associated:** You must get your chronic prescription from an Associated GP and your chronic medication from Medipost, subject to an entry level formulary.  
  
If you choose to get your medication from outside the formulary, or your chronic prescription from a non-Associated GP, or your chronic medication from a pharmacy other than Medipost, co-payments will apply. These co-payments will vary depending on your option.
- State:** You need to choose one of the designated State facilities to get your chronic prescription and medication, subject to the State formulary and medical management (including doctor, pharmacy, blood tests, x-rays etc).  
  
If you choose to get your chronic medication from outside the State formulary, or your chronic medication from a pharmacy other than the State, co-payments will apply. These co-payments will vary depending on your option.

### Members on the Summit Option

You have the freedom of choice to get your chronic prescription and medication from any provider, subject to a comprehensive formulary. If you choose to get your medication from outside the formulary, a co-payment is payable. A dispensing fee co-payment may also be payable when using pharmacies not contracted to Momentum Medical Scheme. Contracted pharmacies include certain retail pharmacies and Medipost (view the full list on momentummedicalscheme.co.za).

These hospital lists are subject to change. View the latest information on the **Momentum app** or **momentummedicalscheme.co.za**.

Glossary of terms

1. **Chronic Disease List (CDL)** is a list of 26 chronic conditions for which all medical schemes in South Africa have to provide cover in terms of the Medical Schemes Act No 131 of 1998.

2. **Clinical protocol:** Momentum Medical Scheme uses appropriate treatment principles, called clinical protocols, to determine and manage benefits for specific conditions. The Scheme’s network providers also apply their own clinical protocols to the benefits they offer our members.

3. **Clinically appropriate:** Treatment that is in line with the clinical protocols (see definition above) for your condition.

4. **Designated Service Providers (DSPs):** Momentum Medical Scheme uses a network of designated service providers, such as Associated GPs and Specialists, as well as State facilities, depending on the circumstances, to diagnose and treat our members for the Prescribed Minimum Benefits. See definition of Prescribed Minimum Benefits below for more information.

5. **Emergency medical condition** means the sudden and, at the time, unexpected onset of a health condition that requires immediate medical or surgical treatment, where failure to provide medical or surgical treatment would result in serious impairment to bodily functions or serious dysfunction of a bodily organ or part, or would place the person’s life in serious jeopardy.

6. **Extended Cover:** On the Extender Option, your day-to-day claims are paid by the Scheme from Extended Cover, once you have reached the Threshold level.

7. **Formulary:** A formulary is a list of medicines covered on your option, from which a doctor can prescribe the appropriate medication for your chronic condition.

8. **Hospitals:**

a. **Acute hospital:** A hospital that provides inpatient medical care and other related services for surgery, acute medical conditions or injuries, and which is permitted to provide treatment that includes part of an overnight stay at the facility.

b. **Day hospital:** A healthcare facility which focuses on the provision of short-stay surgical and diagnostic procedures, performed in an operating theatre on a same-day basis. The patient is admitted in the morning and discharged on the same day.

9. **Momentum Medical Scheme Rate (MMSR):** Every year Momentum Medical Scheme negotiates with hospitals, GPs, specialists, pathologists, radiologists and dentists to determine the amount that the Scheme will pay per treatment. For all other providers, the amount that the Scheme pays is set on an annual basis. These amounts are called the Momentum Medical Scheme Rate (MMSR).

10. **Momentum Medical Scheme Reference Price** is the maximum rand value that Momentum Medical Scheme will pay for a medicine. If you voluntarily choose to use chronic medication that costs more than the reference pricing, you will need to pay the difference between the medicine you chose and the Reference Price.

11. **Out-of-hospital procedures:** These are procedures that are not performed in a hospital. For example, they could be performed in your doctor’s rooms or an out-patient facility.

12. **Out-patient facility:** A treatment centre where medical procedures can be done without the patient being admitted to hospital.

13. **Pre-authorisation:** Pre-authorisation is when you contact us to let us know that you are about to receive medical treatment. The Scheme will confirm whether you are covered for the expected treatment, and at what rate your option covers such treatment. You will receive a pre-authorisation number which you need to provide to the doctor. While pre-authorisation is not a guarantee that your treatment will be covered, it gives you the peace of mind that benefits will be paid in line with the Scheme Rules, your option and membership status.

14. **Pre-notification:** Pre-notification is when you let us know that you are about to use a Health Platform benefit, such as your annual dentistry check-up.

15. **Prescribed Minimum Benefits (PMBs)** is a list of benefits for which all medical schemes in South Africa have to provide cover in terms of the Medical Schemes Act No 131 of 1998. The Prescribed Minimum Benefits include life-threatening emergency medical conditions, a defined set of 270 diagnoses and 26 chronic conditions. Benefits are covered in full if you use the Scheme’s Designated Service Providers (DSPs). If you voluntarily choose to use non-designated service providers, the Scheme will pay benefits up to the Momentum Medical Scheme Rate and relevant co-payments will apply. If you use non-designated service providers in a life-threatening emergency, it is deemed involuntary and co-payments are therefore waived.

16. **Provider definitions:**

a. **Associated providers, e.g. hospitals, GPs and specialists:** These are providers that Momentum Medical Scheme has negotiated agreements with. By choosing to use the Associated hospitals and GPs, you can pay a lower contribution. However, if you then do not use these providers a co-payment will apply.

b. **Evolve Network hospitals:** Members on the Evolve Option must make use of the Evolve Network Hospitals. These are private acute and day hospitals which Momentum Medical Scheme has agreements in place with. See page 38 for the list of acute hospitals and view the list of the day hospitals on momentummedicalscheme.co.za.

c. **Freedom-of-choice:** Members on the Summit Option can get their day-to-day and chronic treatment from any provider and can use any hospital.

d. **Ingwe Network hospitals:** Members on the Ingwe Option can choose to use Ingwe Network hospitals. These are private hospitals which Momentum Medical Scheme has agreements in place with – see page 38 for the list of hospitals.

e. **Network providers:** Momentum Medical Scheme has agreements in place with certain providers of healthcare services. For example, on the Ingwe Option, the Scheme relies on a network of providers for chronic and day-to-day benefits, namely Ingwe Primary Care Network providers.

f. **Preferred providers:** Momentum Medical Scheme has agreements in place with certain providers of healthcare services, which the Scheme refers to as preferred providers. Depending on the benefit option you choose, you need to use preferred providers for certain benefits. Preferred providers are not the same as Designated Service Providers, which are used for the provision of Prescribed Minimum Benefits.
- g. **State:** State hospitals are public facilities. You can save on your monthly contribution by selecting State as your hospital provider on the Ingwe Option. On the Evolve Option, you need to use State facilities for Chronic Benefits. On the Custom, Incentive and Extender Options, you can also save on your monthly contribution by choosing State as your Chronic Benefit provider.

h. **GP Virtual Consultation Network:** Momentum Medical Scheme has agreements in place with a network of GPs, including Hello Doctor, who provide virtual consultations to members on the Ingwe and Evolve Options.
17. **Sub-limit:** A sub-limit is a limit that applies in addition to the overall limit on a specific benefit. For example, your option might provide you with an annual limit on your optical benefit, within which a sub-limit for frames applies.

18. **Threshold:** On the Extender Option, there is a Threshold for day-to-day claims. It is a fixed rand amount set by the Scheme in line with your family size. Once your day-to-day claims add up to this level, your claims will be paid by the Scheme from Extended Cover.
- Exclusions
- Prescribed Minimum Benefits
- Notwithstanding the limitations and exclusions set out below, beneficiaries shall be entitled to the Prescribed Minimum Benefits.
- Benefits excluded
- General exclusions mentioned in this paragraph are not affected by any specific exclusions. Unless otherwise decided by the Scheme (and with the express exception of medicine or treatment approved and authorised in terms of any health management programme contracted to the Scheme), expenses incurred in connection with any of the following will not be paid by the Scheme, but may be claimed from positive Savings:
1. All costs incurred during waiting periods and for conditions which existed at the date of application for membership of the Scheme but were not disclosed;

2. All costs that exceed the annual maximum allowed for the particular category as set out in Annexure B of the Scheme Rules, for the benefit to which the beneficiary is entitled in terms of the Scheme Rules;

3. Injuries or conditions sustained during willful participation in a riot, civil commotion, war, invasion, terrorist activity or rebellion;

4. Professional speed contests or professional speed trials (professional defined as where the beneficiary’s main form of income is derived from partaking in these contests);

5. Health care provider not registered with the recognised professional body constituted in terms of an Act of parliament;

6. Holidays for recuperative purposes, whether deemed medically necessary or not, including headache and stress relief clinics;

7. All costs for treatment if the efficacy and safety of such treatment cannot be proved;
